SAFETY, HEALTH & ENVIRONMENT POLICY

It is our commitment in Sarawak Metro Sdn Bhd to work as a team in minimizing risks and pursuing the goal of no harm to people by conducting our operations through continuous and sound SHE principles:

1. Implementing the SHE Policy by attending continuous safety induction, safety training and other safety awareness programme as best work practices to ensure compliance with all applicable laws and statutory regulations.

2. Protect all stakeholders from associated health and safety hazards at par or compliance with national and international SHE standards.

3. Promote active engagement of employees, consultants, contractors and public in all SHE programmes in line with this Policy.

4. Take practicable steps to prevent or eliminate injuries and occupational illnesses at the workplace.

5. Establish and maintain optimum Safety, Health and Environment Management System at all times.

6. Promote safety awareness that all injuries are preventable and promote individual accountability for accident prevention.

7. Preserve and conserve the environment for future generations through prevention of pollution.

8. Continually improve the SHE management (Plan / Manual / Management System Procedure) and innovative in the implementation of SHE practices and programme.

In this way, we aim to have SHE Standards that are beneficial and practical and able to enhance the confidence of our stakeholders.

"ANIMATING SHE IS OUR WAY OF LIFE"

TS. MAZLI BIN MUSTAFFA
